

**There was an old professor** who started every class with a **vulgar joke**. After one particularly nasty example, the women in the class decided to walk out the next time this occurred.

The professor got wind of this plot, so the next morning he walked in and said, **"Good morning, class. Did you hear the one about the shortage of whores in India?"**

With that, all the women stood up and headed for the door. **"Wait, ladies," cried the professor. "The boat doesn't leave until tomorrow!"** ggd ☺ (Thanks SB)

**An old Italian lived alone in New Jersey.** He wanted to plant his annual tomato garden, but it was very difficult work, as the ground was hard. His only son, **Vincent**, who used to help him, was in prison. The old man wrote a letter to his son and described his predicament: **"Dear Vincent, I am feeling pretty sad because it looks like I won't be able to plant my tomato garden this year. I'm just getting too old to be digging up a garden plot. I know if you were here my troubles would be over. I know you would be happy to dig the plot for me, like in the old days. Love, Papa"**

A few days later he received a letter from his son. **"Dear Papa, Don't dig up that garden. That's where the bodies are buried. Love, Vinnie"**

At 4 A.M. the next morning, FBI agents and local police arrived and dug up the entire area without finding any bodies. They apologized to the old man and left. That same day the old man received another letter from his son. **"Dear Papa, Go ahead and plant the tomatoes now. That's the best I could do under the circumstances. Love you, Vinnie"** ggd ☺

Thanks for the wonderful memories.  
Rest In Peace

**Highlights From August's Meeting:** Our speaker was **Jeremy Wixson** (Education Program Manager/Go Fish Education Center). According to **Wixson** and also stated at the center's website "Georgia boasts over 4,000 miles of trout streams, 12,000 miles of warmwater streams and more than one-half million acres of impoundments. More than 1.1 million anglers of all ages fish in Georgia. These anglers spend about \$1 billion annually on fishing, having a total annual impact of over \$2 billion to the state's economy. Developed as part of the **Go Fish Georgia Initiative**, this center is core to promoting and increasing participation of fishing in Georgia. Additionally, The **Go Fish Georgia Initiative** promotes fishing as a family-friendly, fun activity that thousands of people across the state already enjoy and encourages others to get outside with their children and give fishing a try.

Furthermore, it stands to attract major fishing tournaments currently held in other states with the promise of catching another world-record bass in our state. The **Go Fish Education Center** takes visitors on an educational journey through Georgia's watersheds to learn about our diverse aquatic wildlife, their natural habitats and the impacts of water pollution. Beyond that, the **Center** serves as a great resource of fishing information for any level of angler – where to go, what to use and when." For additional information about the **Go Fish Education Center** please call 478/988-6701 or visit their website at [www.gofisheducationcenter.com](http://www.gofisheducationcenter.com)
